AMI Plastics World Expos

NORTH AMERICA

November 12-13, 2025 | Cleveland, OH, USA

The focused North American trade show for plastics
compounding, extrusion, recycling and testing

COMPOUNDING
WORLD EXPO

PLASTICS RECYCLING
WORLD EXPO

POLYMER TESTING
WORLD EXPO

PLASTICS EXTRUSION
WORLD EXPO

Maximize your company's visibility and reach the right decision makers at our targeted exhibitions

The AMI Plastics World Expos – featuring the Compounding World, Plastics Recycling World, Plastics Extrusion World and Polymer Testing World Expos – are returning to Cleveland, OH.

Building on the success of our five previous editions, these expos have become established meeting places for the industry.

The exhibitions feature four specialized theaters hosting dynamic two-day programs filled with technical presentations, seminars, and industry discussions. Attendance to the expo and conference sessions is free, attracting large audiences with a specific focus on your markets.

This unique combination of trade shows promotes cross-market collaboration, providing your company with a cost-effective and time-efficient platform to showcase its products and services.

Highlights from 2024

5,676
attendees

376
exhibitors

100
speakers

All 50 US states
represented

Here are some of the ways exhibiting will benefit you:

Strengthen your brand's presence across the supply chain

Reconnect with existing customers face-to-face

Generate qualified leads to grow your sales pipeline

Present your latest products and services to a focused and engaged audience

Gain critical market intelligence and insights from industry leaders to inform strategic decisions

Benefit from an extensive promotional campaign in AMI's five magazines

The free admission is fantastic. What a great way to draw people from all areas of manufacturing that might not otherwise attend these types of events.

Timothy Michalowski,
Berlyn ECM

Exhibition rates

Exhibition package
100 sq ft / \$5,300

Includes pipe-and-drape back and side walls, carpet, one table, two chairs, one electrical point and a waste basket.

About AMI

AMI is a renowned global organizer of events for the plastics industry. With an extensive portfolio of over 50 events held annually in Europe, America and Asia, we offer a wide range of opportunities for industry professionals to connect and learn. Our events feature a wealth of expertise, with more than 1,000 expert presentations delivered, attracting a substantial audience of over 10,000 plastics industry professionals annually.

Among our notable events are the AMI Plastics World Expos held in Europe, Asia and North America. These focused trade shows have become key highlights,

drawing in thousands of attendees seeking industry insights and networking opportunities.

In addition to our event organization, AMI is a trusted provider of information and market intelligence for the global plastics industry. Our dedicated team of consultants, researchers and writers possess extensive knowledge of the global plastics processing industry.

We stay abreast of market trends and future directions, enabling us to identify exciting market opportunities, new customers and innovative technologies that can drive your business growth.
